Nothing here is time-sensitive.
Add-ons can be arranged after your session too, once you've seen your gallery. The only exceptions are same-day and 24-hour items, which need to be arranged before we shoot.

Your print release is already included.
Every session includes a full print release for personal use, so you're free to print anywhere you like. These options exist for clients who'd rather have it handled through my professional lab.

Print turnaround is 7-10 business days.
Ordered separately from your gallery delivery, so prints won't delay your images.

Gift cards are available in any amount.
Redeemable for any session or print order. They don't expire.
